14.2 CLAUSE 4.6 EXCEPTION TO DEVELOPMENT STANDARDS - 23 EAST STREET URALLA

Moved: Cr Tom O'Connor

Seconded: Deputy Mayor Robert Crouch

That Council, in recognition of the ceding of Lot 3 of 83.58m² to Council for road reserve, approve the Development Application 52/2022 at 23 East Street Uralla, being Lot 16 Section 21 DP 759022, for a two lot subdivision with Clause 4.6 exception to development standards in the Uralla Local Environmental Plan 2012, subject to the following conditions of consent:

PRESCRIBED CONDITIONS (under Environmental Planning and Assessment Regulation 2000)

Erection of signs

Please Note: *This does not apply in relation to:*

- (a) building work, subdivision work or demolition work that is carried out inside an existing building, which does not affect the external walls of the building development consent, in the case of a temporary structure that is an entertainment venue, or*
- (b) Crown building work that is certified, in accordance with section 116G of the Act, to comply with the technical provisions of the State's building laws.*
- (c) a complying development certificate issued before 1 July 2004 only if the building work, subdivision work or demolition work involved had not been commenced by that date.*

1. A sign must be erected in a prominent position on any site on which building work, subdivision work or demolition work is being carried out:
 - (a) showing the name, address and telephone number of the principal certifier for the work, and
 - (b) showing the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours, and
 - (c) stating that unauthorised entry to the site is prohibited.
2. Any such sign is to be maintained while the building work, subdivision work or demolition work is being carried out, but must be removed when the work has been completed.

GENERAL CONDITIONS

3. The development shall be implemented in accordance with:
 - (a) All documentation and correspondence submitted by the applicant, or their agents, in support of the Development Application,
 - (b) The details set out on the plans approved and stamped by authorised officers of Council, except as amended by the conditions of this development consent.

Reason: To ensure that the development proceeds in the manner proposed by the applicant and approved by Council.

4. All engineering works to be designed by an appropriately qualified person and carried out in accordance with Armidale Engineering Design Codes in force at the commencement of works unless otherwise indicated in this consent.

Reason: To ensure that these works are of a sustainable and safe standard.

5. The proposed development is subject to the Uralla Shire Council Sections 7.11 and 7.12 Developer Contributions Plans. Section 7.12 contributions are required to be paid prior to the issue of a construction certificate, complying development certificate or a Section 68 approval for a manufactured home. Section 7.11 contributions are required to be paid quarterly unless otherwise specified.

Reason: To ensure appropriate contributions towards infrastructure within the Shire.

6. All sewer and drainage works associated with the approval are to comply with the requirements of AS3500 and completed only by a licensed plumber and drainer.

Reason: To ensure that the building work is completed in accordance with the approval and is in a safe and healthy condition for use by occupants.

7. The responsible person for plumbing and drainage work must ensure that the responsible person has given Council a notice of work in an approved form that specifies the work to be carried out and the responsible person for the work.

The notice of work must be provided no later than 20 business days before the work concerned is carried out in the case of work that involves a proposed alternative solution, or no later than 2 business days before the work concerned is carried out in any other case.

Reason: Statutory requirement.

8. The responsible person for plumbing and drainage work must provide Council, and the person for whom the work is carried out, with a certificate of compliance within 2 business days after the work is completed.

Reason: Statutory requirement.

Note: A certificate of compliance is a written document, in an approved form, that certifies that the plumbing and drainage work to which it relates is code compliant.

9. On completion of plumbing and drainage work that consists of or includes carrying out work on a sanitary drainage system, the responsible person for the work must supply a plan of the work, in the approved form, to the following persons:

- (a) The owner of the land or the owner's agent,
- (b) The Council.

Reason: Statutory requirement.

10. For all construction work required on Council land (e.g. storm water, footpaths, kerb and gutter etc.) the applicant is to submit an Application to Conduct Work on Land to Which Council is the Regulatory Authority. The application must be approved prior to the issue of a Construction Certificate.

Reason: To ensure pedestrian and vehicular safety during construction.

CONDITIONS TO BE COMPLETED PRIOR TO ISSUE OF SUBDIVISION CERTIFICATE

11. That two lots are created by the subdivision of Lot 16, Section 21, DP 759022, one of around 507 m² and the other around 560 m².

Reason: To ensure that the development proceeds in the manner proposed by the applicant and approved by Council.

12. The developer is to pay Council for the cost of a new kerb, gutter and seal to service lot 2 to the standards specified by Council for Council to construct at a future time.

Reason: To ensure that costs associated with establishing the subdivision is borne by the developer.

13. A strip of land of circa 4.57m by 19m facing Bligh Avenue is to be dedicated as a public road at the time of registration of the plan of survey at no cost to Council, for the purpose of road widening. The dedicated strip is to cover the extent of the north western boundary of the proposed Lot 2.

Reason: To ensure compliance with the Roads Act 1993.

14. The applicant must pay for the extension of Uralla Shire Council's water main and sewerage / effluent main to service the new lot(s) created by the subdivision.

In order to expedite the delivery, this work may be carried out by a licenced contractor with the work being designed, witnessed, tested, and certified by a suitably qualified and practicing consulting engineer.

Uralla Shire Council applies the Armidale Regional Council Engineering Code for roads, drainage, water and sewer infrastructure design and specifications. Please refer to link below.

<https://www.armidaleregional.nsw.gov.au/development/planning-controls-guidelines/engineering-code>

In particular Specifications D11 & D12 of the above code applies to the Design and Construction of Water Supply and Sewerage Works respectively. Uralla shire Council requires that all road crossings be constructed by way of under boring with an outer conduit provided.

Works as Executed (WAE) plans shall be provided in accordance with Council's Guidelines for Subdivision and Developments.

NOTE: A Section 68 approval will be required for the works. The WAE plans shall show the location of the constructed mains/junctions and spurs to confirm they are servicing each lot.

Reason: To ensure that costs associated with establishing the subdivision are borne by the developer

15. A surveyor's plan must be submitted to Uralla Shire Council prior to the expiry date of this development consent so that the subdivision certificate on the plan can be signed by an authorised officer.

Reason: The subdivision cannot be registered with the Land Titles Office, and be finalised, until the subdivision certificate on the surveyors plan is signed by an authorised officer of Uralla Shire Council.

16. The development must be provided with reticulated electricity. The applicant shall provide a letter from the relevant electricity energy provider stating that satisfactory arrangements have been made for the supply of electricity.

Reason: To ensure that development is adequately serviced by utilities

17. Prior to the issue of a subdivision certificate, the applicants shall provide evidence to the effect that all utility services, i.e. water, sewer, electricity, telecommunications, connected to or used in each of the buildings within the development site is wholly contained within each of the proposed allotments. That is, no internal servicing of the sites is permitted to be wholly or partially on the adjoining allotment.

Reason: To ensure that subdivision is adequately serviced by utilities.

18. Prior to the issue of a subdivision certificate, an application for a subdivision certificate is to be submitted to Council with three (3) copies of the Title Plan and appropriate fees. The applicant/developer is to ensure that a summary of compliance with all conditions of consent is completed and lodged with the application.

Reason: To ensure provision of appropriate documentation.

CONDITIONS TO BE COMPLIED WITH DURING CONSTRUCTION

- 19 The applicant shall ensure that noise pollution is minimised during the course of construction. The use of power tools and/or similar noise producing activities shall be limited to the following hours:-

Monday to Saturday 7.00 AM to 5.00 PM

Sunday & public Holidays No construction activities are to take place.

Reason: To ensure that public amenity is not unduly affected by noise.

- 20 All works are to be executed in a good and workmanlike manner and all materials are to be installed as per manufacturers' instructions and any applicable Australian Standards.

Reason: To ensure that the building work is completed in accordance with the approval and is in a safe and healthy condition for use by occupants.

- 21 A copy of the approved and certified plans, specifications and documents incorporating conditions of approval and certification shall be kept on the Subject Site at all times and shall be readily available for perusal by any officer of Council or the PCA.

Reason: To ensure compliance with approved plans.

ADVISORY NOTES – GENERAL

- 22 The applicant is solely responsible for ensuring that all additional consents and agreements are obtained from other authorities, as relevant.
- 23 It is possible that a covenant may affect the land which is the subject of this consent. The grant of this consent does not necessarily override that covenant. You should seek legal advice regarding the effect of any covenants which affect the land.
- 24 Underground assets may exist in the area that is subject to your application. In the interests of health and safety and in order to protect damage to third party assets please contact Dial before you dig at www.1100.com.au or telephone on 1100 before excavating or erecting structures (This is the law in NSW). If alterations are required to the configuration, size, form or design of the development upon contacting the Dial before You Dig service, an amendment to the development consent (or a new development application) may be necessary. Individuals owe asset owners a duty of care that must be observed when working in the vicinity of plant or assets. It is the individual's responsibility to anticipate and request the nominal location of plant or assets on the relevant property via contacting the Dial before you dig service in advance of any construction or planning activities.
- 25 Any alteration to the drawings and/or documentation shall be submitted for the approval of Council. Such alterations may require the lodgement of an application to amend the consent under s4.55 of the Act or a fresh development application. No works other than those approved under this consent shall be carried out without the prior approval of Council.
- 26 Telecommunications Act 1997 (Commonwealth): Telstra (and its authorized contractors) are the only companies that are permitted to conduct works on Telstra's network and assets. Any person interfering with a facility or installation owned by Telstra is committing an offence under the Criminal Code Act 1995 (Cth) and is liable for prosecution. Furthermore, damage to Telstra's infrastructure may result in interruption to the provision of essential services and significant costs. If you are aware of any works or proposed works which may affect or impact on Telstra's assets in any way, you are required to contact: Telstra's Network Integrity Team on phone number 1800 810 443.
- 27 Prior to any works being undertaken within the road reserve, (including the footpath), a Section 138 of *Roads Act 1993* approval must be obtained from Council. Please contact Council to obtain an application form.

- 28 Pursuant to Section 94(1)(a) of the *Local Government Act 1993* and *Local Government (General) Regulation 2021*, prior to any water main extension work or sewer main extension work the developer is to apply for a Section 68 Certificate approval and submit proposed plans.
