8. REPORTS TO COUNCIL

8.1 QUARTERLY BUDGET REVIEW STATEMENT – THIRD QUARTER 2021-22 (MARCH 2022)

Department: Finance
Prepared by: Corporate Accountant/CFO
TRIM Reference: UINT/2022/6420
Attachment: UINT/22/5949

LINKAGE TO INTEGRATED PLANNING AND REPORTING FRAMEWORK

Goal:	4.2	An effective and efficient organisation
Strategy:	4.2.2	Operate in a financially responsible and sustainable manner
Activity:	4.2.2.1	Maintain and control financial system and improve long term financial sustainability
Action:	4.2.2.1.8	Complete and report quarterly budget review statements

SUMMARY:

1. The purpose of this report is to present to Council a review of the budget for the third quarter of the 2021/22 financial year.

RECOMMENDATION:

That Council note the third quarter budget review summary for the 2021/22 financial year and adopt the remaining adjustments to budget allocations.

REPORT:

2. It is a statutory requirement that Council's Responsible Accounting Officer prepares and submits a budget review statement to Council on a Quarterly basis each financial year (LGGR 2005 cl.203 (1)).
3. Council's Responsible Accounting Officer must also include with the budget review report an opinion on the financial position of Council and any recommendations for remedial action if required. As such the third quarterly review for the 2021/22 financial year has been prepared and attached for Council's review and adoption.
4. The attached quarterly budget review report shows net income and expenditure adjustments (before capital grants) of approximately \$140,000 improvement and reduced capital expenditure of over \$2.87 million.
5. The net change in the operating result before capital grants can mostly be attributed to net expenditure reductions of \$408,000 of which savings on vacant positions of \$268,000 was the primary contributor.
6. The major capital expenditure adjustment relates to the Uralla Groundwater project, which will carry to 2023 with test bore drilling to commence in June 2022, in addition to timing on Court House refurbishment and Hawthorne Drive upgrade projects.
7. The rates and charges arrears percentage continues to improve and has dropped over 1% from the last quarter to 4.23%, comfortably below the internal benchmark of 6.5%.

8. The third quarter budget review statement reflects some of the variations that arise from normal operating changes in any given year.
9. The variations are detailed in the *Recommended changes to revised budget for income and expenses budget and capital budget* pages of the attached report.
10. The major changes can be summarised as follows:
 - a. \$1,227,000 deferral of expected capital grant revenue and associated capital expenditure of \$2,013,220 to 2022-23;
 - b. \$200,000 reduction in expenditure on Integrated Water Cycle Management offset by reduction in expected funding of \$180,000;
 - c. Savings of \$268,000 resulting primarily from vacant positions remaining unfilled for periods of time.
11. The budget adjustments this quarter have again shown a deterioration of the likely financial result before capital grants from an original budgeted loss of \$1.83M to one of \$2.03M, however this is an improvement on the prior quarter's projected loss of \$2.17M. Furthermore, the forecast is conservative and further improvements may be realised before 30 June 2022.

11B. Addendum – Explanation of items 11 to 16

Item 11 – Acquisition of procurement framework templates:

The acquisition and implementation of procurement framework templates was an outcome of the procurement service review. This is funded from savings on budgeted professional services not required in 2021/22 (item 2 in the budget variations).

Item 12 – Unbudgeted costs for water supply at depot:

Some internal charges for water have not previously been captured. Following the meter reading at the depot, a charge for water use was raised by the Water Fund to the General Fund. No amount had been budgeted for this cost in the 2021-22 budget. This charge for water supply has resulted in additional income for the Water Fund although this has not been adjusted in this QBRS as there is no certainty that revenue will exceed budget.

Item 13 – GIS software license:

Costs for annual GIS software license were omitted from the 2021-22 budget. It is likely that there may be some savings in IT costs that will absorb this expenditure.

Item 14 – Projected expenditure on waste facility leachate monitoring

These costs relate to landfill monitoring, not just leachate monitoring. Overall, it is likely that costs in this service area will be up by this amount (\$42,000) but it is anticipated that this will be offset by additional income by the end of the financial year.

Item 15 – Unbudgeted expenses for water meter maintenance:

This increase is mostly attributable to wage and internal plant hire costs. It has arisen due to more water meters being replaced than was originally budgeted (nearly double the average of the past

four years). The outcome of the replacements is more accurate water meter readings and therefore increased revenue for the Water Fund.

Item 16 – Unbudgeted water treatment plant maintenance expenditure:

This increase relates mostly to water treatment material costs being above the budget estimate, bringing this cost in line with costs in 2019. Originally, material costs had been budgeted to cost \$155,000 but were subsequently reduced to \$135,000 and then \$100,000 as budget saving measures.

CONCLUSION:

12. The Council's projected financial position at 30 June 2022 is likely to be satisfactory at year end, having regard to the projected estimates of income and expenditure, current trends and the original budgeted income and expenditure.

COUNCIL IMPLICATIONS:

13. Community Engagement/ Communication

Report of budget reviews to the Council's ordinary meeting.

14. Policy and Regulation

- *Local Government Act 1993 (NSW)*
- *Local Government Regulations (General) 2005 (NSW)*
- Local Government Code of Accounting Practice and Financial Reporting
- Australian Accounting Standards

15. Financial (LTFP)

This report is a review of the annual budget up to the end of the third quarter. Changes to the budget are as outlined in the attached statements.

16. Asset Management (AMS)

N/A

17. Workforce (WMS)

N/A

18. Legal and Risk Management

Council is required by legislation (clause 203 of the Regulations) to prepare quarterly budget review statements for the first three quarters of each year, including an opinion by the Responsible Accounting Officer as to whether the financial position of the Council is considered to be satisfactory.

Corporate Governance – the third quarter budget complies with legislative requirements. This risk is assessed as *low*.

Financial Management – the third quarter budget shows a result that is below the original budget adopted by Council in June 2021 which may require remedial action if expenditure savings or income increases are not identified. Currently this risk is assessed as *high*.

19. Performance Measures

One of required three budget reviews.

20. Project Management

Uralla Shire Council
Quarterly Budget Review Statement
For the Quarter ended 31 March, 2022

Report by Responsible Accounting Officer

The following statement is made in accordance with Clause 203(2) of the Local Government (General) Regulations 2005:

It is my opinion that the Quarterly Budget Review Statement for Uralla Shire Council for the quarter ended 31 March, 2022 indicates that Council's projected financial position at 30 June, 2022 will be satisfactory at year end, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure.

Signed: _____

Simon Paul
Responsible Accounting Officer

For the period 01 July, 2021 to 30 June, 2022

Income & Expenses Budget Review Statement
Recommended changes to revised budget
Budget review for the quarter ended 31 March, 2022

Budget Variations include the following material items:

Notes	Amount	Details
	\$1,513,500	
1	(268,000)	Savings on vacant positions and unutilised wages expenditure
2	(27,000)	Savings on budgeted professional services not required
3	(12,000)	Reduction in expenditure on community grants and events which haven't taken place
4	(9,000)	Additional funding received for Australia Day and Summer Nights Funding
5	(40,000)	Reduced expenditure on administration of plant operations
6	(20,000)	Expected reduction in expenditure on external certifier
7	(200,000)	Integrated Water Cycle Management (IWCM) work not undertaken
8	15,000	Reduction in tourism income due to VIC closure and COVID impacts
9	60,000	Impact of COVID on TCT income resulting in significantly reduced number of trips provided
10	20,000	Expected decrease in fuel tax credit refunds due to changes to FTC
11	15,000	Acquisition of procurement framework templates
12	20,000	Unbudgeted costs for water supply at depot
13	22,500	GIS software license
14	42,000	Projected expenditure on waste facility leachate monitoring
15	15,000	Unbudgeted expenses for water meter maintenance
16	45,000	Unbudgeted water treatment plant maintenance expenditure
17	180,000	Reduction in grant income as a result of IWCM work not being undertaken
18	957,000	Reduction in expected income for Groundwater project, expected to be received in 2023
19	428,000	Reduction in recognition of grant income for Hawthorne Drive works (to be restricted)

For the period 01 July, 2021 to 30 June, 2022

Contracts Budget Review Statement

Budget review for the quarter ended 31 March, 2022

Part A - Contracts Listing

Contractor	Contract detail & purpose	Contract Value \$	Start Date	Duration of Contract	Budgeted (Y/N)	Notes
Stabilcorp	Heavy patching Kingstown Road	201,067	April 2022	1 month	Y	
Stabilcorp	Rehabilitation Barbados corner of Bundarra Road	400,010	April 2022	2 months	Y	
Stabilcorp	Heavy patching: Arading, Kliendienst and Kingstown Roads	644,982	May 2022	1 month	Y	

Notes:

1. Only contracts that were entered into during the quarter and remain incomplete are included.
2. Minimum reporting level is \$50,000.
3. Contracts listed exclude contractors on Council's Preferred Supplier list.
4. Contracts for employment are not required to be included.

Part B - Consultancy & Legal Expenses Overview

Expense	YTD Expenditure (Actual Dollars)	Budgeted (Y/N)
Consultancies	\$ 126,251	Y
Legal Fees	\$ 12,874	Y

Note: 1. All consultancy amounts were included in the 2020/21 budget except for items adjusted in this QBRS.

Definition of a consultant:

A consultant is a person or organisation engaged under contract on a temporary basis to provide recommendations or high level specialist or professional advice to assist decision making by management. Generally it is the advisory nature of the work that differentiates a consultant from other contractors.

Comments

Expenditure included in the above YTD figure but not budgeted includes:

Cash & Investments Budget Review Statement
Budget review for the quarter ended 31 March, 2022

Comment on Cash & Investments Position

No material variations to Council's Cash and Investments have occurred in the third quarter.

Investments

Investments have been made in accordance with Council's Investment Policy.

Cash

The value of cash at bank which was included in the Cash & Investment Statement totals \$750,280.

This Cash at Bank amount has been reconciled to Council's physical Bank Statements.
The date of completion of this reconciliation was 01 April, 2022.

Reconciliation Status

The YTD Cash & Investment figure reconciles to the actual balances held as follows:

Cash at Bank (as per bank statements)		750,280
Investments on Hand		16,265,838
less: Unpresented Cheques	(Timing Difference)	-
add: Undeposited Funds	(Timing Difference)	-
less: Identified Deposits (not yet accounted in Ledger)	(Require Actioning)	-
add: Identified Outflows (not yet accounted in Ledger)	(Require Actioning)	-
Reconciled Cash at Bank & Investments		17,016,118
Balance as per Review Statement:		17,016,117

8.2 DRAFT LONG TERM FINANCIAL PLAN (LTFP) 2023-2032

Department: General Manager's Office
Prepared by: General Manager
TRIM Reference: UINT/22/6280
Attachment: UINT/22/6339 – Draft LTFP 2023-2032

LINKAGE TO INTEGRATED PLANNING AND REPORTING FRAMEWORK

- 4.2 An effective and efficient organisation
 - 4.2.2 Operate in a financially responsible and sustainable manner
 - 4.2.2.1 Maintain and control financial system and improve long term financial sustainability
 - 4.2.2.1.6 Review and revise the 10 year Long Term Financial Plan
-

SUMMARY:

1. The purpose of this report is to enable Council to place the draft 10-year Long Term Financial Plan (LTFP) 2023-2032 on public exhibition.
2. Council is required to adopt a 10-year LTFP by 30 June 2022 as part of its Resourcing Strategy within the Integrated Planning and Reporting (IP&R) documents required by s 406 of the *Local Government Act 1993 (NSW)* and section 196A of the regulations consisting of:
 - a. Long-term financial planning
 - b. Workforce management planning
 - c. Asset Management Planning
3. The Long-Term Financial Plan (LTFP) is a 10-year rolling plan that informs decision-making and demonstrates how the objectives of the Community Strategic Plan (CSP) and commitments of the Delivery Program and Operational Plan will be resourced and funded.

RECOMMENDATION:

That the draft Long Term Financial Plan (LTFP) 2023-2032 be placed on public exhibition noting that concurrent to the exhibition process and over the next six months that Council will undertake the following work to enable a third 'refined' scenario to be developed for the LTFP:

- I. review of the draft budget to identify any further saving and revenue options for the 2022-23 budget;
- II. organisation-wide service review (desktop benchmarking); and
- III. further development of the draft asset management plans.

REPORT:

4. Council has already adopted:
 - a. ten-year Community Strategic Plan 2022-2031
 - b. Asset Management Strategy
 - c. Asset Management Policy

5. At the 24 May 2022 Council Meeting, Council resolved to place the following documents on public exhibition:
 - a. draft Workforce Management Strategy
 - b. draft Disability Inclusion Action Plan
 - c. draft Operational Plan and budget 2022-23, resolving concurrently, to engage an independent financial expert to assist Council with the review of the draft budget to identify any further saving and revenue options for the 2022-23 budget including:
 - i. the forecast fees and charges revenue
 - ii. kerbside collections optimum service delivery method
 - iii. optimised staffing costs
 - iv. retaining services within budget
6. At the 24 May 2022 Council Meeting, Council received draft Asset Management Plans and noted that they require further development over the next 6 months including:
 - a. Review of changes from the previous draft (10 May Finance Advisory Committee Meeting version) to the current version; and
 - b. Budget amounts compared with required maintenance amounts (e.g. Buildings AMP Table 7.1.3 and Graph 7.1.3.1).
7. The legislation requires Council's long term financial planning to follow the IP&R guidelines which specify:

General requirements for long-term financial planning

3.3 Each council must prepare and adopt a Long-Term Financial Plan.

3.4 The Long-Term Financial Plan must be used to inform decision-making during the preparation and finalisation of the Community Strategic Plan and the development of the Delivery Program.

3.5 In developing the Long-Term Financial Plan, due regard must be given to promoting the financial sustainability of the council through:

- the progressive elimination of operating deficits
- the establishment of a clear revenue path for all rates linked to specific expenditure proposals
- ensuring that any proposed increase in services and/or assets is within the financial means of the council including a proposed special rate variation
- ensuring the adequate funding of infrastructure maintenance and renewal
- the use of borrowing, where appropriate and financially responsible, and
- the fair and equitable distribution of the rate burden across all rate payers.

The minimum timeframe for the Long-Term Financial Plan

3.6 The Long-Term Financial Plan must be for a minimum of 10 years.

How often the Long-Term Financial Plan must be reviewed

3.7 The key underlying assumptions on which the Long-Term Financial Plan is based, and the projected income and expenditure, balance sheet and cash flow statement contained in the Long-Term Financial Plan, must be reviewed and updated at least annually as part of the development of the Operational Plan.

3.8 The Long-Term Financial Plan must be reviewed in detail as part of the 4-yearly review of the Community Strategic Plan.

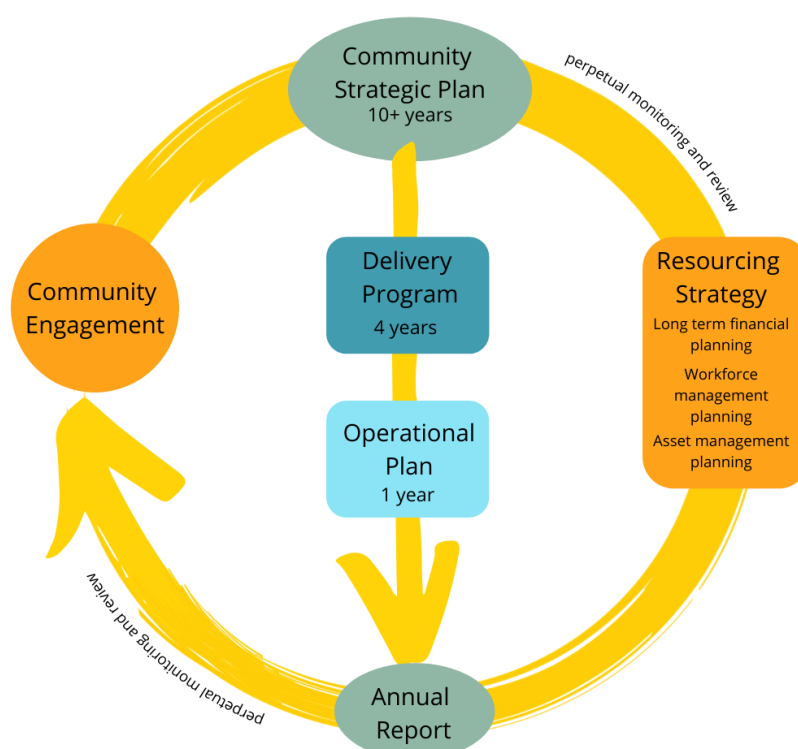

The basic structure of the Long-Term Financial Plan

3.9 The Long-Term Financial Plan must include:

- projected income and expenditure, balance sheet and cash flow statement
- the planning assumptions used to develop the Plan (the "Planning Assumptions Statement")
- sensitivity analysis highlighting factors/assumptions most likely to affect the Plan
- financial modelling for different scenarios e.g. planned/optimistic/conservative
- methods of monitoring financial performance

Public exhibition requirements for the Long-Term Financial Plan

3.10 The Long-Term Financial Plan must be publicly exhibited for at least 28 days and submissions received by the council in that period must be accepted and considered before the final Long-Term Financial Plan is adopted by the council.

8. Accordingly, the draft LTFP 2023-2032 is built on the draft 2022-23 budget and presents two scenarios with a third one proposed to be developed (in 2023-24) following the scheduled service reviews and benchmarking as well as development of the asset management plans in 2022-23:
- a. **SCENARIO 1 - planned**

current service levels maintained, revenue increases within anticipated rate cap, no growth and limited new revenue.
 - b. **SCENARIO 2 – conservative**

current service levels maintained, reliant on revenue increases from rate increase (on land component) and increased user charges, no growth and limited new revenue.
 - c. **SCENARIO 3 – refined - *PROPOSED (not yet developed)***

current service levels maintained, service efficiencies and resourcing reviewed, limited new capital upgrade, revenue increases from potential growth, optimised asset renewal timing (based on more developed asset management plans), other revenue increases (smaller rate increase on land component and user charges).
9. The LTFP projects the financial implications for the organisation including asset management and workforce planning. For example, by identifying how additional assets will be funded, or existing assets renewed or upgraded and what provisions are made for changes to service levels.
10. **Adoption of the LTFP does not commit Council resources or provide any budget authority.** Approval to expend resources is set out only in the annual Operational Plan and budget and in specific resolutions of Council from time-to-time.

CONCLUSION:

11. The draft LTFP is presented to Council for public exhibition to enable adoption by 30 June 2022. Following this process Council can further update, re-exhibit and re-adopt the LTFP during the term of office when appropriate, for example, following the update of the draft Asset Management Plans.

COUNCIL IMPLICATIONS

12. **Community Engagement/Communication**
Council undertook previous community engagement which has guided the development of the draft Long Term Financial Plan presented to Council.
The draft LTFP will be placed on public exhibition prior to adoption by Council.
13. **Policy and Regulation**
Local Government Act 1993 and the *Local Government (General) Regulation 2021*
Integrated Planning and Reporting Guidelines
14. **Financial/Long Term Financial Plan**
Completion of the 2022-23 organisation wide service reviews (benchmarking) and the schedule to further develop the suite of asset management plans in 2022-23 will enable Council to prepare the refined LTFP scenario in 2023-24. Council is also pursuing revenue opportunities arising from growth and the development of the New England Regional Energy Zone. New revenue to be realised from the recently adopted s7.11 and s712 policies will be more accurately known next year.

15. Asset management/Asset Management Strategy

Asset Management Plan projections have been included in the LTFP.

Changes to the LTFP may impact life of assets and ability to continue to use infrastructure. See note in the paragraph above.

16. Workforce/Workforce Management Strategy

Work force management plan projections have been included in the LTFP.

17. Legal and Risk Management

Continued review of costs and revenue raising opportunities is necessary to confidently assess the risk of financial sustainability.

18. Performance Measures

Adoption of Long Term Financial Plan

19. Project Management

General Manager, Director Corporate Services/Chief Financial Officer

LONG TERM FINANCIAL PLAN - 2032

Integrated Planning and Reporting Framework

In October 2009, the NSW Government's new framework for strategic planning and reporting for local councils came into effect through the introduction of the Local Government Amendment (Planning & Reporting) Act 2009. This act amended the NSW Local Government Act 1993 with regard to Councils strategic planning and reporting requirements.

The Integrated Planning & Reporting framework requires councils to better integrate their various plans and to plan holistically for the future. It requires councils and their communities to have informed discussions about funding priorities, acceptable service levels and to plan in partnership for a more sustainable future.

The framework is an improved way of doing business and ensures that all of council's plans and policies work together to achieve the community's goals. Each council must prepare a number of plans, which provide details on how the Council intends to deliver services and infrastructure across both the short and long term, based on the community priorities that have been identified through community engagement programs.

The Integrated Planning and Reporting Framework is captured in the diagram opposite:

Introduction

This Long Term Financial Plan has been prepared to:

- confirm and communicate Council's financial objectives and forecasts for the planning period to the community and all of Council's stakeholders; and
- guide the preparation of Council's Annual Budget and Delivery Program within the context of long term financial sustainability.

The Plan provides a framework for sustainable financial management balancing our environmental, social, economic and governance objectives whilst delivering services and facilities to the people of the Uralla Shire Council area.

The Plan provides direction for future service planning and is a critical tool in identifying, leveraging and managing Council's key strengths, risks and opportunities with regard to Council's ongoing capacity and long term financial stability. It also provides a prudent and sustainable financial framework for the longer term from which Council will develop its Operating and Delivery Programs.

The plan is not a static document and will be reviewed annually as part of Council's strategic planning and budget process to ensure it remains reflective of the prevailing internal and external environment.

Aim of this plan

- Establish a long term financial direction encompassing appropriate performance measures against which Council's strategies, policies, plans and financial performance can be measured.
- Establish a robust and prudent financial framework, to which strategies can be integrated to achieve planned outcomes.
- Assist in eliminating strategic financial risks and identify Council's financial strengths and opportunities to be leveraged.
- Ensure that Council complies with sound financial management principles, as required by legislation and adopted plans for the long-term financial sustainability of Council.

Background

Like the majority of Councils in NSW, Uralla Council faces a major challenge in funding its ongoing services whilst simultaneously maintaining and replacing its community assets in a manner which maintains their capacity into the future and at the same time, attempting to keep rates at an equitable and affordable level throughout the community.

The combination of increased costs for labour and materials, increasing demand for services, the shifting of costs from other levels of government, together with a legislative cap on revenue generated from rates (rate pegging), all contribute to a challenging financial environment within which to operate. Therefore, at the core of Uralla Shires future financial sustainability will be the ability to adapt and respond to the challenges we face in delivering services more efficiently, providing increased operational productivity and developing opportunities to generate additional revenue sources.

Long Term Financial Planning (LTFP) is vital for informing Council, our community and other stakeholders about the long term financial position and sustainability of our organisation. The aim of our plan is not only to ensure the financial sustainability of Council over the longer term, but also to provide for the appropriate maintenance and replacement of Council's assets into the future.

The long term financial plan will provide (but not be limited to) the following key benefits:

- An indication of the future financial position and performance of Council;
- A projection of the holistic long term costs of decisions to fully inform debate and ultimately strategic decision making;
- A tool to assist Council to determine the financial sustainability of both current and projected future service levels;
- A method to determine the risks in adopting future strategic directions;
- The capability for Council and the community to test the outcomes of scenarios resulting from different policy settings and service levels;
- A mechanism to test the robustness and sensitivity of key assumptions underpinning a range of strategic planning alternatives; and
- A vital contribution to the development of Council's Asset Management Strategy and all of Council's plans.

Current Financial Position

Council's current financial position continues to be moderate with a General fund operating deficit/break-even that needs to be rectified in the near term and an unrestricted cash balance that needs to increase.

The audited Financial Statements at the 30th June 2021 showed cash and investments of \$17.540 million, being made up of Externally Restricted cash reserves (such as Water, Sewer, Domestic Waste, Developer Contributions and unexpended grants) totalling \$12.690 million, Internally Restricted cash reserves totalling \$4.510 million and Unrestricted cash reserves of \$0.340 million.

The key performance measures for June 2021 upon which council was measured were as follows:

- Operating Performance ratio – (8.92)% (should be greater than 0)
- Unrestricted Current Ratio – 2.22x (above 1.5:1 is considered healthy)
- Debt Service Cover Ratio – 11.26x (above 2.0 is considered healthy)
- Own Source Operating Revenue Ratio – 55.42% (above 60% is the considered acceptable)
- Rates & Annual Charges Outstanding Ratio – 9.00% (below 10% is considered acceptable)
- Cash Expense Cover Ratio – 11.88 months (above 3 months is considered healthy)
- Building and infrastructure renewals ratio – 79.31% (above 100% is considered appropriate)

Major Revenue Source

Rating

Income from rates and annual charges forms a considerable part of Council's total overall revenue, equating to 32.72% of total income for the 2020/21 financial year (excluding capital grants and profits on the disposal of assets). Rating income is generated from three rating categories, being residential, business and farmland.

Uralla Council's rate base consists of approximately 3,054 rateable properties which in 2022/23 are estimated to generate general rates of approximately \$4. million across the three categories. This income constitutes a significant funding source for the delivery of services to the Uralla Shire community.

Council's rates and annual charges revenue as a proportion of total revenue over the past 5 years were as follows:

Year	%
2021	24.31
2020	28.01
2019	29.91
2018	28.84
2017	28.63

Other Income

Council has full control over fee for service revenue in commercial activities. This provides an opportunity to assist in providing financial sustainability and reducing their impact upon the general budget.

Revenue Strategy

The following items are to be pursued as a strategic means of growing our revenue base ultimately increasing income and reducing the reliance on any one revenue source:

- Review all fees and charges and levels of cost recovery with particular attention to discretionary user fees in non-core service areas and against benchmarked fees and charges so that fees and charges on average are in the second quartile of benchmark;
- Identify and seek additional grant funding;
- Review Council's Borrowing Policy and utilisation of debt;
- Review the level of revenue from the Council's Section 7.11 and s 7.12 policies adopted in 2021/22;
- Investigate opportunities for entrepreneurial activities;
- Pursue the staged expansion of McMaugh Gardens Aged Care Facility;
- Identify opportunities to rationalise Council's asset base;
- Review service levels and service delivery methods;
- Investigate options for collaboration and/or resource sharing; and
- Consult the community about a special rate variation.

Financial Planning Strategies

The key objective of the long term financial plan remains the achievement of financial sustainability across the short, medium and longer term while still achieving Council's broader vision and community goals.

The financial plan is based on the following key strategies:

Sustainability

- Provide spending on infrastructure renewal so that Council's physical assets are maintained to standards that provide functionality and serviceability as noted in the transport asset management plan.
- Rate increases are equitable and not excessive and that the increase can be justified in a positive and transparent manner.
- Provide a pricing strategy for services based on Council's preferred options for service delivery and subsidisation vs user-pays principles.
- New or expansionary community assets to be funded via property development and s64 and s7.11 developer contributions.

Liquidity

- Council has sufficient available cash to meet its debts as and when they fall due.
- Avoid budgets where the liquidity ratios fall below target.
- Utilise loan funds for renewal and replacement for capital purposes and to achieve inter-generational equity in the absence of pre-established reserves to fund this expenditure.
- Utilise a range of reserves to smooth cash flow, particularly in relation to large asset classes and unpredictable outlays such as Employee Leave Entitlement, Waste Management, Plant Replacement and Community Care functions.

Key Financial Assumptions

As part of undertaking financial modelling, key assumptions that underpin the estimates must be made. The following assumptions have been used in the modelling contained within this plan:

Category	Background	Assumption
Rates	Indexed by estimated rises aligned to future CPI estimates & IPART guidance	2.0 to 2.5%
User Charges & Fees	Based on average increase to Council's major operating inputs	1.9 to 2.5%
Interest & Investment Revenue	Average estimated return from prevailing market	1.6 to 3.0%
Grants and Contributions - Operating	Based on estimated rises aligned to future CPI estimates	1.75 to 2.25%
Grants and Contributions - Capital	Based on estimated rises aligned to future CPI estimates	1.75 to 2.25%
Employee Costs	Already established award conditions or estimated wage price index	2.0 to 2.25%
Superannuation	Already established award conditions or estimated wage price index	2.0 to 2.25%
Materials & Contracts	Indexed by estimated rises aligned to future CPI estimates	1.8 to 2.50%
Borrowing Costs	Based on average long term rates and current market quotes	1.85% to 8.75%

- Uralla Shires population has been forecast to continue to remain steady over the period of this plan with no implied dwelling increase over the next ten years. This assumption is based on annual growth estimated by the NSW Department of Planning and Environment.
- Salary increases have been determined based on already adopted award increases for the first year of the plan and an estimated increase of between 2.0 and 2.25% for the remainder.

Financial Performance Measures

Council measures its financial performance reporting in accordance with the Statement of Performance Measures contained within Note G5-1 of the Local Government Code of Accounting Practice and Financial Reporting (Dec 2020).

Council will review the long term financial Plan each year as part of the development of the next annual Operating Plan. The review will include an assessment of the previous year's performance in terms of the accuracy of the projections made compared with the actual results. The outcome will be used to improve the accuracy of the LTFP over the longer term. The major indicators include:

Measure	What it measures	Target	Calculation
Operating Performance Ratio	Council's ability to keep operating expenditure at a level below operating revenue.	>0	Operating revenue- Operating expense/Total Operating Revenue
Debt Service Ratio	The impact that loan principal and interest repayments have on the annual discretionary revenue of Council.	>2x	Debt Service costs/Income from continuing operations less capital income
Unrestricted Current Ratio	To assess the adequacy of working capital and its ability to satisfy obligations in the short term for the unrestricted activities of council.	1.5:1	Current assets less all external restrictions/Current liabilities less specific purpose liabilities
Rates & Charges Outstanding percentage	The impact of uncollected rates and annual charges on Council's liquidity and the adequacy of recovery policy and efforts.	<10%	Outstanding rates and annual charges/Revenue from rates and annual charges collectible
Asset Renewals Ratio	Assess Council's ability to renew its Infrastructure assets compared with the consumption (depreciation) of those assets.	>100%	Value of asset renewals/Depreciation expense for the assets

Financial Plan Scenarios

In developing the long term financial plan, two scenarios have been established to model Council's financial performance and position over the next 10 years. The scenarios either continue maintaining the same approach to improvement or decide to address the underlying challenges through rises to revenue. The scenarios are as follows:

1. Planned case scenario
2. Conservative scenario
3. Refined scenario – not yet developed – to be drafted over the next six months

The scenarios have been informed by prior year costs with existing service levels, known future projects and estimates based on these numbers. This model includes the integration of the Transport Asset Management Plan, Plant and Equipment Asset Management Plan, Stormwater Drainage Asset Management Plan, Water Asset Management Plan, Sewer Asset Management Plan, Open Spaces and Recreation Asset Management Plan and the Building Asset Management Plan. Consideration has been given to Council's current Workforce Plan.

The options attached can be summarised as follows:

Fund	Option	Description
General	Planned Plan	2.5% rate increase for the 1 st year (2022/23), with a cumulative and ongoing 2.5% increase over all other years from 2023/24 to 2033/32.
	Conservative Scenario	An increase of 25.0% for the 2 nd year (2023/24), and 10% for the next two years.
Water	Planned Plan	For Annual Charges - An increase of 5.0% for the 1 st year (2022/23), and 2.50% for the remaining years, and For User Charges & Fees - An increase of 5.0% for the 1 st year (2022/23), and 2.50% for the remaining years.
	Conservative Scenario	For Annual Charges - An increase of 5.0% for the first year (2022/23) and 10% for the years from 2023/24 to 2027/28, then 2.5% for the remaining years. For User Charges & Fees - An increase of 5.0% for the first year (2022/23) and 10% for the years from 2023/24 to 2027/28, then 2.5% for the remaining years.
Sewer	Planned Plan	For Annual Charges - An increase of 5.0% for the 1 st year (2022/23), and 2.50% for the remaining years, and For User Charges & Fees - An increase of 2.5% for the 1 st year (2022/23), and 2.50% for the remaining years.
	Conservative Scenario	For Annual Charges - An increase of 10% for the 2 nd (2023/24) and 3 rd (2024/25) years, then 2.5% for the remaining years. For User Charges & Fees - An increase of 2.5% for all years from 2022/23 to 2031/32.

1. Planned Case Scenario

This Planned Case Scenario is based on the growth of rating income being limited to the rate pegging percentage as determined by IPART without any variation, whilst continuing with current asset maintenance spending levels set to meet expected performance and service levels and their planned lifecycle.

The Planned Case Scenario highlights the revenue deficiency that Council faces with current service levels. Without reductions in service levels and/or increases in revenue, the planned case scenarios forecasts that Council will have insufficient unrestricted cash to operate by the end of 2023/24.

The projected Consolidated General Fund net operating result before grants and contributions provided before capital purposes over the 10 year period would be a deficit of over \$15.85 million. The net decrease in cash, cash equivalents and investments for the Consolidated General Fund over the 10 year period is over \$5.47 million. These reductions represent funds used for operational needs and this practice is often referred to as 'living beyond ones means'.

Under this Scenario, Internal & unrestricted funds will be used up by the end of the 2023/2024 financial year. This outlines the difficult position Council faces in aligning current service levels, asset maintenance and improvement with current income levels, especially rates income.

The Planned Case Scenario includes a first year increase in annual charges for water of 5% and sewer of 5% as a first step in delivering Council resolution to "Set a strategic objective for both the Water and Sewer Funds to operate during the next ten years at a balanced operating position including the full funding of depreciation, amortisation and impairment of intangible assets and infrastructure, property, plant, equipment". No further changes to the revenue side of the Water and Sewer Funds have been made in the Planned Case Scenario. As a consequence, it is expected that operational borrowings will be required in the Water Fund from June 2033. Again, this is an indication of 'living beyond ones means'.

The Planned Case Scenario is assessed as high risk as it does not deliver a sustainable position and would in fact require either a significant reduction in levels of service/ discontinuation of services, an increase in the asset backlog ratio and/or significant borrowings in order to establish a balanced operational budget.

An additional risk is that in any of the forward years the Federal Government could decide to cease the prepayment of the Financial Assistance Grant. This would create a further \$1.336M shortfall above what has already been detailed above.

Note: The net operating result before grants and contributions provided for capital purposes is the better measure for income statement purposes because it is assumed that any capital grants will be spent on capital expenditure and should not be used to support operating expenditure.

2. Conservative Scenario

This scenario includes a range of revenue increases aimed at balancing the General, Water and Sewer Funds over the full term of the plan. Each Fund option stands on its own applying user-pay cost recovery to achieve long term sustainability. Alternatively, reductions in expenditure equivalent to the proposed revenue increases could be built into the scenario provided. There is also an opportunity to reconsider a series of expenditure reductions that have previously been reviewed over the past two years. **This scenario requires community engagement to enable council to decide on the preferred option to achieve financial sustainability.**

Alternative Scenarios

One alternative to revenue increases would be to reduce service levels and hence a corresponding reduction in costs.

The Alternative Scenarios are yet to be developed and could emerge through the community engagement process of the Planned Scenarios above, together with changes to service levels. Examples of such service/cost reductions could be to:

- reduce community grants scheme;
- review the plant replacement program;
- reduce operating hours for customer service such as Library opening hours or Visitor Information Centre accreditation;
- reduced/delayed replacement of vacated staff positions with no backfill (temporary reduction/cessation of service),;
- establish shared services with other Councils;
- outsource services such as waste collection; and
- reduce the number of times each class of unsealed road may be graded each period.

The Consolidated Planned Case Scenario identifies that the required reductions from 2022/23 to 2031/32 vary from \$1.8 million up to \$2.2 million. To achieve a financially sustainable future, possible options to deliver a balanced long term financial plan might include Council workshops to further consider the following:

- a) A review of current service standards
- b) Shire continuity and council sustainability including a review of financial performance measures;
- c) Community engagement on the above to address:
 - I. How Council increases revenue by approximately \$2.2million per year,
 - II. How Council decreases service levels by approximately \$2.2 million per year, or
 - III. A combination of I) and II)

3. Refined Scenario to be developed

It is proposed that a third refined scenario will be developed (in 2023-24) following the scheduled service reviews and benchmarking as well as development of the asset management plans in 2022-23.

This scenario will maintain current service levels, review service efficiencies and resourcing, limit any new capital upgrades, revise revenue to align with any potential growth, optimise asset renewal timing (based on more developed asset management plans) and consider any other revenue increases (smaller rate increase on land component and user charges).

Sensitivity Analysis/Risk Assessment

The LTFP 2032 is a continuation of Councils previous long term financial plan under the new Integrated Planning and Reporting Framework requirements. However, it should be noted that some of Councils reconstructed Resourcing Strategy plans still require refinement. The LTFP now incorporates the Transport Asset Management Plan, Plant and Equipment Asset Management Plan, Stormwater Drainage Asset Management Plan, Water Asset Management Plan, Sewer Asset Management Plan, Open Spaces and Recreation Asset Management Plan and the Building Asset Management Plan. Other capital expenditure and maintenance projections in this plan have been based on historical information and some more accurate estimates for the first year of the plan.

The following risk factors have been considered in the development of this long term financial plan and whilst some factors would only have a minor impact on the projections, others could have a more significant impact.

Areas which would have a particular impact on the projections, should they occur, include:

- Estimates to fund infrastructure renewal, replacement and significant on-going asset maintenance being inaccurate;
- Rates increase being lower than anticipated;
- Construction costs being higher than anticipated;
- Utility expenses being higher than estimated;
- Significant fluctuations in the rate of return for investments;
- Workers compensation insurance costs;
- Further spikes in the payments required to the Defined Benefit Superannuation scheme;
- Award determined staff related expenses increasing more than anticipated.

There are also external factors beyond the influence of Council which could also impact on the model, including:

- Further cost shifting from other levels of Government;
- Freezes to the indexation of recurrent operating grants;
- Changes to the taxation regime;
- Changes to the superannuation guarantee legislation;
- Forced amalgamation of Councils;
- Natural Disasters.

Scenarios by Fund
