

## URALLA WATER RESTRICTIONS: PROGRESS TO LEVEL 2

Due to continued dry conditions, the volume of the Kentucky Creek Dam has dropped below 62%. Uralla will commence **Level 2 water restrictions** on **Sunday 10 March 2019**. The implications of Level 2 water restrictions for residents are that:

- General watering of lawns and gardens is permitted for a maximum of 2 hours and not during the heat of the day. Hand held hoses with trigger nozzles, water efficient drip irrigation, or sprinklers can be used before 9 am and after 5 pm.
- Buckets and hand held hoses with trigger nozzles can be used for car washing.
- Council will reduce watering at Council managed facilities, parks and gardens.

A full list of water restrictions and the level at which they apply can be obtained from the Uralla Shire Council web site.

Please contact Council on 6778 6300 should you have any questions or concerns.

Yours sincerely,

Andrew Hopkins

**General Manager, Uralla Shire Council**
