

Signage – 51 Bridge Street (updated)

Any signage will comply and be consistent with the current streetscape and adopt the type of signage that surrounding shops have employed. This includes putting the outline of a cupcake on the windows as well as signage that runs along the bottom of the windows that says 'Cupcakes Milkshakes Coffee' and 'Dine in or Take Away' (approximately 2m x 0.3m, see below picture for placement). We request to be able to put fascia signage and a sign under the awning that says 'The Cupcake Lady' with an image of a cupcake on it (1.5m x 0.5m, see below picture for placement). We also request to be able to put a sign above door with logo (1m x 0.5m). This will be in colour 'Biscuit' and black. Below is the colour scheme and signage placement. The colour 'Biscuit' is from the Victorian Era Colour Palette found in the Uralla Heritage Colour Palette brochure.
