Terms and Reasons for Conditions

Under section 88(1)(c) of the EP&A Regulation, the consent authority must provide the terms of all conditions and reasons for imposing the conditions other than the conditions prescribed under section 4.17(11) of the EP&A Act. The terms of the conditions and reasons are set out below.

General Conditions

1	Approved plans and supporting documentation			
	Development must be carried out in accordance with the following approved plans except where the conditions of this consent expressly require otherwise.			
	Approved plans			
	Plan number	Revision number	Drawn by	Date of plan
	WD-00	A	Marshall Drafting Services	22.05.2024
WD-01	Ref: 24067			
WD-02				
WD-03				
	In the event of any inconsistency with the approved plans and a condition of this consent, the condition prevails.			
	Condition reason: To ensure all parties are aware of the approved plans and supporting documentation that applies to the development.			
2	Development Standards - Balconies, decks, patios, pergolas, terraces and verandahs			
	The approved development must— • meet the relevant deemed-to-satisfy provisions of the Building Code of Australia, or if there are no such relevant provisions, must be structurally adequate; • not, if it relates to an existing building, cause the building to contravene the Building Code of Australia; • be constructed of low reflective materials; • if it is connected to a fascia—be connected in accordance with a professional engineer’s specifications; • be constructed or installed so that any roofwater is disposed of into an existing stormwater drainage system; and • not interfere with the functioning of existing drainage fixtures or flow paths.			
	Condition reason: To ensure the development is carried out in accordance with relevant development standards.			

Building Work

Before issue of a construction certificate

No additional conditions have been applied to this stage of development.

Before building work commences

No additional conditions have been applied to this stage of development.

During building work

3	Discovery of relics and Aboriginal objects
	While site work is being carried out, if a person reasonably suspects a relic or Aboriginal object is discovered: 1. the work in the area of the discovery must cease immediately; 2. the following must be notified 1. for a relic – the Heritage Council; or 2. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the National Parks and Wildlife Act 1974, section 85. Site work may recommence at a time confirmed in writing by: 1. for a relic – the Heritage Council; or 2. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the National Parks and Wildlife Act 1974, section 85. ADVICE: While no earthworks appear to be required, this condition has been imposed for the avoidance of doubt, should any earthworks for footings be required.
	Condition reason: To ensure the protection of objects of potential significance during works.
4	Hours of work
	The hours of construction work are to be restricted to between 7.00am and 6.00pm on Monday to Friday and 8.00am to 1.00pm on Saturdays, to maintain the amenity of the locality. Site work is not to be carried out outside of these times except where there is an emergency, or for urgent work directed by a police officer or a public authority.
	Condition reason: To protect the amenity of the surrounding area.
5	Noise and Vibration requirements
	While site work is being carried out, noise generated from the site must not exceed an LAeq (15 min) of 5dB(A) above background noise, when measured at a lot boundary of the site.
	Condition reason: To protect the amenity of the neighbourhood during construction.

Before issue of an occupation certificate

No additional conditions have been applied to this stage of development.

Occupation and ongoing use

No additional conditions have been applied to this stage of development.

General advisory notes

This consent contains the conditions imposed by the consent authority which are to be complied with

when carrying out the approved development. However, this consent is not an exhaustive list of all obligations which may relate to the carrying out of the development under the EP&A Act, EP&A Regulation and other legislation. Some of these additional obligations are set out in the [*Conditions of development consent: advisory notes*](#). The consent should be read together with the *Conditions of development consent: advisory notes* to ensure the development is carried out lawfully.

The approved development must be carried out in accordance with the conditions of this consent. It is an offence under the EP&A Act to carry out development that is not in accordance with this consent. Building work or subdivision work must not be carried out until a construction certificate or subdivision works certificate, respectively, has been issued and a principal certifier has been appointed.

A document referred to in this consent is taken to be a reference to the version of that document which applies at the date the consent is issued, unless otherwise stated in the conditions of this consent.
