

NOTICE OF DETERMINATION OF A DEVELOPMENT APPLICATION

Application number	DA-27-2025 PAN-522595
Applicant	Morten Pedersen [REDACTED]
Description of development	Demolition of existing sheds and construction of new shed.
Property	28 SOUTER STREET BUNDARRA 2359 6/19/DP758181 7/19/DP758181 8/19/DP758181
Determination	Approved Consent Authority - Council staff under delegated authority
Date of determination	29/05/25
Date from which the consent operates	29/05/25
Date on which the consent lapses	29/05/30

Under section 4.18(1) of the EP&A Act, notice is given that the above development application has been determined by the granting of consent using the power in section 4.16(1)(a) of the EP&A Act, subject to the conditions specified in this notice.

Right of appeal / review of determination

If you are dissatisfied with this determination:

Request a review

You may request a review of the consent authority's decision under section 8.3(1) of the EP&A Act. The application must be made to the consent authority within 6 months from the date that you received the original determination notice provided that an appeal under section 8.7 of the EP&A Act has not been disposed of by the Court.

Rights to appeal

You have a right under section 8.7 of the EP&A Act to appeal to the Court within 6 months after the date on which the determination appealed against is notified or registered on the NSW planning portal.

The Dictionary at the end of this consent defines words and expressions for the purposes of this determination.

Kate Blackwood
Manager Planning and Development
Person on behalf of the consent authority

Terms and Reasons for Conditions

Under section 88(1)(c) of the EP&A Regulation, the consent authority must provide the terms of all conditions and reasons for imposing the conditions other than the conditions prescribed under section 4.17(11) of the EP&A Act. The terms of the conditions and reasons are set out below.

General Conditions

1	Compliance with Building Code of Australia and insurance requirements under Home Building Act 1989 1. It is a condition of a development consent for development that involves building work that the work must be carried out in accordance with the requirements of the Building Code of Australia. 2. It is a condition of a development consent for development that involves residential building work for which a contract of insurance is required under the Home Building Act 1989, Part 6 that a contract of insurance is in force before building work authorised to be carried out by the consent commences. 3. It is a condition of a development consent for a temporary structure used as an entertainment venue that the temporary structure must comply with Part B1 and NSW Part H102 in Volume 1 of the Building Code of Australia. 4. In subsection (1), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for the construction certificate was made. 5. In subsection (3), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for development consent was made. 6. This section does not apply— a. to the extent to which an exemption from a provision of the Building Code of Australia or a fire safety standard is in force under the Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021, or b. to the erection of a temporary building, other than a temporary structure to which subsection (3) applies. Condition reason: Prescribed condition under section 69 of the Environmental Planning and Assessment Regulation 2021.
2	Erection of signs 1. This section applies to a development consent for development involving building work, subdivision work or demolition work. 2. It is a condition of the development consent that a sign must be erected in a prominent position on a site on which building work, subdivision work or demolition work is being carried out— a. showing the name, address and telephone number of the principal certifier for the work, and

		Elevations Sheet 4 of 11 Footings/Slab Floor Plan	Engineering	
	In the event of any inconsistency with the approved plans and a condition of this consent, the condition prevails.			
	Condition reason: To ensure all parties are aware of the approved plans and supporting documentation that applies to the development.			
5	Demolition - General Condition			
	Any demolition is to be carried out in accordance with AS2601 – Demolition of Structures, to ensure the work is undertaken safely and as required pursuant to the Environmental Planning and Assessment Regulation 2000 and Work Health and Safety (WHS) Regulation 2011.			
	<i>ADVISING: For further information regarding asbestos go to https://www.asbestos.nsw.gov.au/</i>			
	Condition reason: To ensure demolition work is carried out in accordance with Australian Standard AS2601: The demolition of structures (AS 2601)			

Building Work

Before issue of a construction certificate

6	Design amendments
	Before the issue of a construction certificate, the certifier must ensure the construction certificate plans and specifications detail the following required amendments to the approved plans and documents: 1. Stormwater is to be collected and all overflow disposed to Souter Street.
	Condition reason: To require minor amendments to the plans endorsed by the consent authority following assessment of the development.
7	Construction Certificate
	In accordance with the provisions of Section 6.6 and 6.7 of the <i>Environmental Planning and Assessment Act 1979</i> , construction works approved by this consent must not commence until: a) a Construction Certificate has been issued; b) the NSW Planning Portal has been advised of; (i) the intention to commence work; and (ii) the specific Principal Certifying Authority (building inspector) that has been appointed to the project. Documentation required under this condition must show that the proposal complies with all relevant development consent conditions and is not inconsistent with the approved plans, the Building Code of Australia and the relevant Australian Standards.
	Condition reason:

Before building work commences

During building work

8	Discovery of relics and Aboriginal objects While site work is being carried out, if a person reasonably suspects a relic or Aboriginal object is discovered: 1. the work in the area of the discovery must cease immediately; 2. the following must be notified 1. for a relic – the Heritage Council; or 2. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the National Parks and Wildlife Act 1974, section 85. Site work may recommence at a time confirmed in writing by: 1. for a relic – the Heritage Council; or 2. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the National Parks and Wildlife Act 1974, section 85. Condition reason: To ensure the protection of objects of potential significance during works.
9	Procedure for critical stage inspections While building work is being carried out, the work must not continue after each critical stage inspection unless the principal certifier is satisfied the work may proceed in accordance with this consent and the relevant construction certificate. Condition reason: To require approval to proceed with building work following each critical stage inspection.
10	Hours of Work The principal certifier must ensure that building work, demolition or vegetation removal is only carried out between: • 7am to 6pm on Monday to Friday AND 8am to 1pm on Saturday (No work on Sundays and public holidays) The principal certifier must ensure building work, demolition or vegetation removal is not carried out on Sundays and public holidays, except where there is an emergency. Unless otherwise approved within a construction site management plan, construction vehicles, machinery, goods or materials must not be delivered to the site outside the approved hours of site works. Note: Any variation to the hours of work requires Council's approval. Condition reason: To protect the amenity of the surrounding area
11	Stormwater Disposal Stormwater from the proposed shed is to be disposed in a manner that does not cause a nuisance for neighbouring properties, by one of the following methods: ^a. By piping to the swale drain in Souter Street

	^b. By piping to a rainwater tank and then via the overflow to the swale drain in Souter Street. Stormwater infrastructure is to be installed during building work as soon as the roof is constructed. Condition reason: To alleviate any potential stormwater problems with respect to the buildings on the allotment or adjoining allotments.
--	---

Before issue of an occupation certificate

12	Consolidation of lots Prior to issue of an Occupation Certificate Lot 7 Section 19 DP 758181 & Lot 8 Section 19 DP 758181 are to be consolidated into one lot. Evidence of the registration of the consolidated lot with the Land Registry Services must be supplied to Council. Condition reason: To ensure that the development proceeds in the manner proposed by the applicant and approved by Council.
13	Occupation Certificate The relevant Occupation Certificate must be obtained before the approved use commences, in accordance with the Environmental Planning & Assessment Act 1979 and to ensure the health and safety of the building's occupants. ADVISING: Failure to obtain an Occupation Certificate is an offence under the legislation Condition reason: To ensure the building is suitable for occupation (in accordance with its BCA classification).
14	Plumbing and Drainage Any required plumbing and drainage work shall comply with the Plumbing and Drainage Act 2011, Plumbing and Drainage Australian Standard AS3500, Plumbing Regulations 2017 and the Plumbing Code of Australia (NCC 2016). Prior to issue of an occupation certificate, the principal certifier shall be provided with a copy of the Final Plumbing and Drainage Certificate confirming compliance with the <i>Plumbing and Drainage Act 2011</i>. Condition reason: To ensure any plumbing and drainage work complies with the relevant requirements of the Plumbing and Drainage Act 2011

Occupation and ongoing use

15	Sheds (General) The approved storage shed shall: 1. not be used for any habitable purposes without the benefit of further planning permission; 2. not be occupied on any commercial or industrial basis (unless exempt under relevant Environmental Planning Instruments) without the benefit of further planning permission; 3. be constructed of non-reflective material. Condition reason: To ensure the approved use of the building is in accordance with the NCC Building Classification and in the interests of amenity.
----	--

Demolition Work

Before demolition work commences

No additional conditions have been applied to this stage of development.

During demolition work

No additional conditions have been applied to this stage of development.

On completion of demolition work

No additional conditions have been applied to this stage of development.

General advisory notes

This consent contains the conditions imposed by the consent authority which are to be complied with when carrying out the approved development. However, this consent is not an exhaustive list of all obligations which may relate to the carrying out of the development under the EP&A Act, EP&A Regulation and other legislation. Some of these additional obligations are set out in the [*Conditions of development consent: advisory notes*](#). The consent should be read together with the *Conditions of development consent: advisory notes* to ensure the development is carried out lawfully.

The approved development must be carried out in accordance with the conditions of this consent. It is an offence under the EP&A Act to carry out development that is not in accordance with this consent. Building work or subdivision work must not be carried out until a construction certificate or subdivision works certificate, respectively, has been issued and a principal certifier has been appointed.

A document referred to in this consent is taken to be a reference to the version of that document which applies at the date the consent is issued, unless otherwise stated in the conditions of this consent.

Dictionary

The following terms have the following meanings for the purpose of this determination (except where the context clearly indicates otherwise):

Approved plans and documents means the plans and documents endorsed by the consent authority, a copy of which is included in this notice of determination.

AS means Australian Standard published by Standards Australia International Limited and means the current standard which applies at the time the consent is issued.

Building work means any physical activity involved in the erection of a building.

Certifier means a council or a person that is registered to carry out certification work under the *Building and Development Certifiers Act 2018*.

Construction certificate means a certificate to the effect that building work completed in accordance with specified plans and specifications or standards will comply with the requirements of the EP&A Regulation and *Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021*.

Council means URALLA SHIRE COUNCIL.

Court means the Land and Environment Court of NSW.

EPA means the NSW Environment Protection Authority.

EP&A Act means the *Environmental Planning and Assessment Act 1979*.

EP&A Regulation means the *Environmental Planning and Assessment Regulation 2021*.

Independent Planning Commission means Independent Planning Commission of New South Wales constituted by section 2.7 of the EP&A Act.

Occupation certificate means a certificate that authorises the occupation and use of a new building or a change of building use for an existing building in accordance with this consent.

Principal certifier means the certifier appointed as the principal certifier for building work or subdivision work under section 6.6(1) or 6.12(1) of the EP&A Act respectively.

Site work means any work that is physically carried out on the land to which the development the subject of this development consent is to be carried out, including but not limited to building work, subdivision work, demolition work, clearing of vegetation or remediation work.

Stormwater drainage system means all works and facilities relating to:

- the collection of stormwater,
- the reuse of stormwater,
- the detention of stormwater,
- the controlled release of stormwater, and
- connections to easements and public stormwater systems.

Strata certificate means a certificate in the approved form issued under Part 4 of the *Strata Schemes Development Act 2015* that authorises the registration of a strata plan, strata plan of subdivision or notice of conversion.

Sydney district or regional planning panel means Northern Regional Planning Panel.
