### NAIDOC WEEK CELEBRATIONS - URALLA

Uralla's NAIDOC Week celebrations in July were a great success with close to 100 people attending. The theme this year was "VOICE. TREATY. TRUTH. Let's work together for a shared future." There was definitely a sense of having all worked together to enjoy and experience a brilliant morning of celebrations.

After the march, the community walked to the Library where they were treated to morning tea, Kristian Sternbeck on didgeridoo, "Storytime" with Kathy Kelly, and musical entertainment by Anthony Green, Kathy Kelly and Bridget Knox.

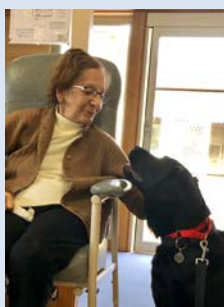

Mayor Cr Pearce, Uncle Les Townsend, Kristian Sternbeck, Cr Natasha Ledger, Acting GM David Aber.

### Z-NET URALLA NEWS

We live in a beautiful part of the world (even if it is a bit dry at the moment). A big contributor to this is our woodlands and wildlife. Uralla has a number of public reserves that have a high conservation value providing really important habitat for birds, plants, lizards and insects.

Can you spot the lizard making its home in the dead wood?

An essential message about sustainable firewood is that it is really IMPORTANT not to take dead wood from the roadside - what might look like "spare firewood" is NOT! This wood forms homes, provides nutrients as it rots and helps hold water in the soil. Stand up for our environment this winter by using sustainable firewood. ### KEY COUNCIL ACTIONS - JULY 2019

**Budget Review and Finance Committee Meeting** This week a Budget Review and Finance Committee and Councillor workshop were held. At the Councillor workshop, staff provided an update on the progress that has been made with the Drought Community projects over the past three months and the benefits the community has received from these projects as a result of government grants. Stronger Country Communities Round 3 is now on offer, closing in September.

Mayor Michael Pearce attended the "Future Focused" 25<sup>th</sup> National General Assembly of Local Government in Canberra and provided a comprehensive report from the conference. Issues covered included:

- That Local Government continues to be one of the most efficient levels of government in the Nation.
- Social-media and communication technologies can bring benefits but ability to obtain and use data well, requires insight into local potentials and benefits.

#### Points from Council Resolutions:

- Council is now responding to comments gathered by Councillors and requests for further information, in response to the exhibition of the *Draft Complaints Management Policy 2019*.
- Council resolved to exhibit the *Draft Gifts and Benefits Policy* for 28 Days and in the event there are no comments within that period, that the Policy be adopted.
- Council resolved to de-scope the Waste Management Consultancy Brief project to only fund Uralla Landfill, Bundarra Landfill, the Kerbside waste collection services and the green waste sections of the brief within the original budget of \$40,000.

#### Bundarra Sewerage Scheme Update

Council has received advice from the Honourable Melinda Pavey MP advising of the Minister's approval of additional funding providing for up to \$6,557,000 of the estimated \$8,329,000 cost of the Bundarra Sewerage Scheme. This additional funding should enable the scheme to proceed to construction. The design has been finalised and is awaiting State Government approval for the sewage treatment plant and reuse designs.
